

PREY FOR ANIMALS

Decomposed Body of Chas. McCartney Found

NEAR ASHLAND OREGON

Former Wichitan Committed Suicide Three Months Ago.

The following dispatch was received from Ashland, Ore.:

The decomposed body of a man supposed to be Charles H. McCartney of Wichita, Kan., has been found on Wagner creek. The body appears to have lain there several months and has been prey for wild animals, the head having been torn off and the upper half of the body scattered about the ground. A placard was lying beside the body, and it is supposed that he committed suicide.

It is believed that Charles H. McCartney is a Wichita boy, having lived here about ten years ago and leaving this city some six or eight years ago. Shortly after the first of March H. C. Sparr of Ashland found the clothing and effects of a man about one and one-half miles north of the town.

The matter was placed in the hands of officers who found that almost every paper and article which would lead to the identity of the man had been destroyed. After several hours of posting and sorting the papers revealed the fact that the man was an Alaskan miner who had lately returned.

Several pieces of photographs were found and passed together, and on one was the name of A. W. Harden of this city. The photograph was sent to Wichita but Mr. Harden was unable to identify it and could find no record in his agency.

The mystery was not solved until Monday, when the decomposed body was found as given in the above dispatch. On March 29 the Eagle published an article concerning the find of clothing and at that time many friends of James McCartney of this city identified the picture as that of a former Wichitan.

Some two weeks ago a relative of James McCartney came here to investigate the matter. He stated that James McCartney had disappeared and his relatives did not know where he was. The last heard of him was while in the north-west and he was thinking of going to Alaska. That was three or four years ago.

A number of years ago a family of McCartneys lived in the south part of town. They ran a billiard hall in the room now occupied by the "Coke" just west of Lawrence on the north side of Douglas. James McCartney was some 12 or 15 years of age when his father moved to Wichita and he attended school here. Several of his old associates were shown the picture and a number were positive in their identification of the man. The picture was taken when about 17 years of age and shows a large, tall, and such was young McCartney when here, and his friends of the young man feel sure that Charles H. McCartney, who disappeared in Oregon is the same man who made his home in Wichita for many years, although the Christian name of the young man was James.

James McCartney was a big, strapping young man, with light curly hair. When he is here seven years ago he would weigh about 165 pounds. The picture was taken several years before leaving Wichita and, of course, there has been considerable change in the appearance of the young man. From Wichita the McCartneys moved to Topeka, and the elder McCartney and his family still live there.

W. L. DOYLE STABBED.

In Quarrel With G. P. Varnouf Last Night.

W. L. Doyle of 1629 North Market street was seriously injured by a knife wound to the breast last night while in an altercation with G. P. Varnouf, near the home of the former. It appears that the trouble arose over the grading of a horse belonging to Doyle on property taken care of by Varnouf, and that it has been brewing for a long time. The quarrel terminated last night in a fight in which Doyle received a cut in the right breast which may prove serious. Varnouf states that while he struck Doyle with a knife it was only after he had been thrown to the ground and saw no other way out of it. Both are rather old men and Varnouf says that he served in the war of rebellion and answered the first call made by Lincoln for troops. Varnouf was taken to the police station last night and Doyle is under a physician's care.

CENE BEGGARS DESCRIPTION.

Six Fitch Visits All the Cities Along the Kaw.

Colonel Fitch returned yesterday from his visit to all the cities along the Kaw, where he has been for the last week looking after the condition of the Indians in the flood-affected cities. He saw the destruction wrought from Topeka to Kansas City and says it "brought devastation. It is beyond the comprehension of the mind." To have anything like a correct opinion of it, one must visit the scene of disaster. In North Topeka, where the water stood to the depth of eight feet,

FIRST HONORS

Were long ago bestowed on the famous Hostetter's Stomach Bitters as a family medicine. It deserves this praise, because it has always accomplished what we claim for it, and during its fifty years' experience has never been known to fail.

Hostetter's Stomach Bitters

should therefore be given a fair trial by every one suffering from Dizziness, Flatulency, Indigestion, Constipation, Dyspepsia and Malaria, Fever and Ague. One bottle will convince you of its value. Try it. The genuine has a Private Stamp over the neck of the bottle.

Summer Time Table.

The Road to Health.

Hires Rootbeer is "just the ticket" to keep you going during hot weather. It refreshes the blood, quenches the thirst, and keeps you well and active.

Hires Rootbeer

should be on every table during summer time. Sold everywhere, or by mail for 25c. The Hires Soda Water Co., Philadelphia, Pa.

Charles E. Hires Co., Malters, Pa.

In the houses, on the lawns and walks, all is covered with from three to thirty-six inches of slimp mud. Many of the buildings that are still standing are condemned and most of the stocks are completely ruined. The bodies of fifty-five people have been found. In North Lawrence, with a population of 2,500, about three-fourths of the people are homeless. Armistead is almost completely obliterated.

The growing crops in the Kaw valley are buried completely under a coat of mud four feet deep. At the mouth of the Kaw there is a pile of debris, of houses, tracks, fences, animals and perhaps human bodies over a mile wide and two miles long. In the union yards in Kansas City there is a large hole filled with water, probably made by a swirl, out of which two engines and four Pullman cars have been taken already.

Mr. Fitch says too much praise cannot be given to the people in these towns for the work they have done in caring for their unfortunate fellow citizens. At present the flood victims are being simply cared for in all these towns, but it will require a large sum of money to get them on their feet again. This is especially true of the farmers and gardeners.

BALL GAME TODAY.

Ellsworth Will Play Against Picked Team.

Today will witness the first of the three big ball games of the week. Ellsworth will arrive in the city at 2 p. m. and will go from the hotel direct to the grounds at Fairmount, where the big game will be called promptly at 3 p. m. They have one of the best teams in the state, and it is said of their catcher, Steale, that there is yet the first man to steal second base on him this year. Carter, who will do the box work for them, has been in the city before. He played with the Friends team three seasons ago and there was no better all-around player than him. The rest of the team cannot be spoken of too highly, as they represent the best baseball material to be secured.

Prantz will do the slab work for the home team and Senior will take care of the receiving end of the game. Neither of these men need to be spoken of as they have amply shown what they are capable of in their line and the fans of the city know that it will have to be a very swift team that can do very much with them. Anderson will be at first to stop all advances in that direction. Mott will hold down second and do his part in falling on all the hot day cutters that come in his part of the diamond. Davis will be seen at his old position at third, where he did such good work during the college season. Nelson will occupy short, and he will have plenty to do as there will be very few knocked off Prantz for any longer drives than the edge of the diamond. Thompson, Howard and Sabin will do the outfield work. Sabin is a new man from the University of Maine, where he played on the team for the college season just closed. He comes here with a good record and will undoubtedly make a reputation for himself in baseball circles around Wichita this season. Thompson and Howard are the ones who will cover the ground and cut up the dirt if by chance any come their way. Kirk will play on the side lines. He is another of the Maine boys. He played on the team representing Colby college, Maine. The grounds have been prepared for the game and are in excellent shape. Mr. Morrison has guaranteed the best of service to all who wish to do so, and there will be no complaint on account of having to stand during the ride to Fairmount. The game will be started promptly at 3 p. m. The admission will be the popular price, 25 cents.

The following will be the line-up of the two teams:

Friends-P.M.L.	Position	Ellsworth
Prantz	Pitcher	Carter
Steale	Catcher	Sabin
Mott	1st base	Hertz
Davis	2nd base	Hamlin
Nelson	Shortstop	Kelms
Sabin	Left field	Munt
Thompson	Center field	Piele
Howard	Right field	Slater

AID FOR BROTHERS.

Red Men Will Help Those Who Suffered From Flood.

The Redmen of this city have started a relief paper for their fellow members in Kansas City, Kan. One of the lodges in that city is composed almost entirely of men employed in the packing houses and in the flood these men lost everything. The packing plants have not resumed business with a full force and some of these men were thrown out of employment. There is much suffering among this class and the Redmen of the state have undertaken to assist them in every way possible. Mrs. Shields is collecting clothing which will be sent to the Redmen's recorder in Kansas City, Kan., for distribution.

CONSIDERED A SNAP.

Up-to-Date Sleeping Car Now Running on Santa Fe.

"It is an all wind that blows no one good." On account of the flood and the scarcity of Pullman cars of by some irregularity of system, the Santa Fe has been the last three or four mornings, running into Wichita from Kansas City a really up-to-date sleeping car, with observation compartments and all modern equipments. As the crowd which usually comes away from Kansas City in the evenings plays poker and sits up till two in the morning the roomy observation compartment is considered quite a snap.

WANT MORE PAVING

Movement Made to Pave to College Hill

REALTY OWNERS WILLING

Would Make Finest Drive in the City

There is a movement on foot to pave Douglas avenue from Washington avenue east to the street car loop on College Hill. J. Gilles Smith, a property owner on the street, has interested himself in the matter, and has personally called upon a majority of the property owners along this street and states that those with whom he has talked have taken up with the idea immediately. A petition has been prepared and already many of the residents of that part of the city have signed their willingness to sign the petition.

Mr. Smith and others interested in the project think that the present time is the proper time for such a movement. Just at present Wichita has the paving fever and miles of street that have long needed improvement will be paved this summer. Fourteen blocks will be paved on West Side this summer and operations have already commenced just west of the Douglas avenue bridge. Douglas avenue will be paved west to Seneca street, Seneca south to University and University west to the loop at Friends University. Douglas avenue is paved from the Arkansas river to Washington avenue, and if the pavement is extended to College Hill, this stretch of five miles will make the finest drive in the city. The paving boom this spring is only another evidence that Wichita is making a rapid growth and that it is becoming more metropolitan every day. Not a great amount of paving has been done since the boom days, but with the increased value of real estate, the increase in the number of enterprises and the development of business interests, it is only natural that public improvements should keep pace.

While paving is expensive for the property owners along the streets to be paved, it increases the value of the property and the expense does not all come at one time. He has twenty years to pay out. Many residents on East Douglas avenue realize what a pavement would mean to them and their property and are enthusiastic over the enterprise.

BOYS DEFEAT THEIR SENIORS.

Tom Griffith, Jr., and Frank Oliver, Jr., Play Good Golf.

Yesterday another good game of golf was played on the Wichita country club links. It was an extraordinary contest in that two boys defeated two men of notable skill. The boys were Frank Oliver, Jr., and Tom Griffith Jr. The crest fallen gentlemen were Frank Oliver Sr., and Judge D. M. Dale, who but recently lowered all records on the links.

The two rounds were fought with every nerve fiber and muscle on the part of all four contestants. Up to the next to the last round, it was undecided as to which side would carry off the honors.

Oliver Jr., played against Judge Dale and held him down in the first round by winning or tying every other hole. Tom Griffith played with a steady stroke, which matched Oliver Sr. before the fifth hole of the first round had been passed. The boys are jubilant. They had challenged their seniors and were not over confident of winning against such odds.

The score card of the second round was lost. Oliver Sr., had been keeping score and when the car line was reached he announced that by mistake he had thrown the card away. The boys went back to look for it but could not find it. They say it was a noticeable fact that neither of the senior players offered to help in the search.

The complete score was as follows:

First round	Second round
Frank Oliver, Jr. 5558666355-49	Judge D. M. Dale 5558666474-48
Tom Griffith, Jr. 543788452-48	Frank Oliver Sr. 543788452-48
Judge D. M. Dale 543788452-48	Tom Griffith Sr. 543788452-48

Total of second round:
Oliver Jr., 52; D. M. Dale 50; Oliver Sr., 48; T. Griffith Jr., 48.

SUN AFFECTED HIM.

James McVey Fell Headlong From Court House Steps.

While leaving the court house yesterday James McVey became affected by the heat and pitched headlong down the stone steps on the south side of the building. Several persons ran to his assistance and found him almost unconscious, with a bad cut over one eye. He was promptly badly bruised, and his clothing was torn in many places. Mr. McVey was sent home and a physician was called who found that his injuries were not serious. He could give no reason for his fall. He had just been into the treasurer's office and it is thought that the intense heat south of the building overcame him.

WESLEYAN ANNIVERSARY.

Two Hundred Years Ago the Great Preach Was Born.

A good interest was manifested in the Wesleyan memorial meeting at the Emporia Avenue Methodist church last night. The first service was full of interest, consisting of song and praise. The fact that the day was the two hundredth anniversary of Wesley's birth, according to the old calendar, made the evening one of interest. The special music was given by the Ladies' Quartet. The sermon by Evangelist Rynow was on the "Devotionalism of Sin," and the methods by which it is to be overcome.

YOUNG PEOPLE MARRIED.

Miss Vivian Stanford and James Campbell Were Married Yesterday.

Miss Vivian Stanford and James G. Campbell were married at the bride's home yesterday morning, at 10 o'clock. The ceremony was performed by Rev. Ritchey, of the St. John's church. Miss Dorothy Billings carried the ring, brought by the maid of honor, Miss Kathleen Stanford, and the groomsmen, Mr. Ray Campbell, Miss Florence Sargan played the wedding march. The ceremony was performed in the presence of a number of friends and relatives of the contracting parties. After the ceremony a dainty wedding breakfast was served in three courses. The bride and groom left at 11:15 for Chicago on a short bride tour.

A MODEL SCHOOL.

Will Be Conducted at the Normal Institute.

The Normal Institute which opens June 23 will have an innovation this year in the way of a model school which will be conducted by Miss Carrie Shultz. A school of this order was conducted several years ago and while it was considered highly beneficial to those attending the institute it was dropped for some reason. Superintendent Taylor considers it is of great importance and has made arrangements for one this season. Miss Shultz will have charge of the work for the first, second, third and fourth grade children, and teachers will have the opportunity of getting practical experience in teaching individuals in

INA TIGHT BOX

You must feel like you're in a tight box, too, if you're wearing a heavy weight suit this hot weather. Two-Piece Suits are the proper things. Ours won't hang on you like the ordinary kind do. They're made up as neat and shapely as master tailors can make them. They retain that shapeliness, too.

In the largest variety of fabrics—\$5 to \$15.

HERMAN & HESS

New Vests By today's express; newest creations in white and light Fancy Vests.

New Collars We have added a complete stock of the New "Flexifold" Collars, the kind that don't break by laundering

which the human heart becomes hardened in sin. He made an earnest appeal for youthful conversions, 'ere the heart becomes hardened and the way difficult. His portrayal of the acts of hardened sinners in their worst life was a proof of the text which he had in hand. At the close of the sermon he asked for all who had friends they wished to see saved to come and meet him at the altar for prayer, that the Holy Spirit might awaken, guide and lead them into the light. Quite a number responded to the call. There will be preaching this afternoon at 2 o'clock. Song and testimony meeting will be held at 7:45 p. m. Sermon at 8:20 p. m. Special duet music will be given.

MANY SINGERS COMPETE.

Wichita Was Well Represented at the Hutchinson Jubilee.

The first day of the Hutchinson jubilee was taken up with the interstate contest. Roland Murdoch, Jr., was the only Wichita entry. Those who competed in the contest were: H. Raymond Loder, baritone, Birmingham, Ala.; J. P. Grant, baritone, Colorado Springs, Colo.; H. C. Fribble, tenor, Topeka; Roland Murdoch, Jr., bass, Wichita; Roland Murdoch, Jr., soprano, Vera, Kan.; Mrs. N. A. Kranz, McPherson, Kan.; Miss Myrtle Sindstrom, soprano, Lindeborg; Miss Harstock, soprano, White Cloud, Kan.; Miss Margaret Northrup, soprano, Kansas City, Kan.; Mrs. Blanche W. Lyon, soprano, Lawrence, Kan.; J. T. Conkey, bass, Stafford, Kan.; Miss Louise Williams, soprano, Hutchinson.

Yesterday the Apollo club gave their contest number. The announcement of prize winners will not be made until the close of the jubilee.

WILL PLAY GOLF.

Capt. Hobson Will Arrive in Wichita This Afternoon.

Captain Edmund P. Hobson, who lectured at the Winfield, Chautauqua yesterday, will arrive in Wichita this afternoon at 2:45, and will play golf on the Country club links. He and Judge Dale are matched against C. W. Carey and Next Garst.

Captain Hobson, when he lectured here during the winter, played a game on the Country club links and pronounced them as fine as could be desired, and announced that should he come this way again he would make a side trip to get a chance to play on the Wichita links and be matched with some of Wichita's crack players. The captain will be here three days and during that time will be the guest of the Country club.

IS A DOCTOR NOW.

W. S. Fleming Passed State Board's Examination.

Yesterday a notice was received in this city by W. S. Fleming announcing that he had successfully taken the examination before the Kansas state board of health. His certificate will be forwarded in a few days.

Mr. Fleming is a Wichita boy, being a graduate of Fairmount and later attended a medical school at Omaha, Neb. He has put in a good many years of hard work preparing for a physician. He received a diploma from the Medical college a few weeks ago and immediately took the examination before the Kansas board of health and medical examiners. Dr. Fleming, when he receives his certificate, will open an office in Wichita.

WICHITAN IS SUCCESSFUL.

Mr. Dale Snively, of Getaway Magazine, in Wichita.

Mr. Dale Snively, of the Gateway Magazine, of Kansas City, Mo., was in the city yesterday. Dale was formerly a Wichita boy, and by his energy and his own talents has pushed upward in the newspaper field, in which he now has a recognized place. He is very prosperous.

A TRYING POSITION.

Wichita Readers Will Appreciate This Advice.

A constant itching tries your patience. Nothing so annoying. Nothing so irritating as itching. It is a torment. To scratch the irritation makes it worse. To leave it alone means misery. Some Wichita citizens can tell you how to be free from these troubles. Read the following:

Mrs. M. York, of 218 North Topeka street says: "I have had better on my hands every now and then during the past six years. It may have been just rheumatism for like that annoyance I disappeared at times, only to return some weeks or months afterwards. I exhausted all my knowledge of ointments and salves and consulted physicians until I lost faith in medicine. I don't want it understood that Doan's Ointment prevented at the Moore Drug Co., 218 Douglas avenue, has radically cured the affliction but I never enjoyed as much freedom in as short time from any preparation I ever tried. Should recommend this place I now know what to use to get relief."

For sale by all dealers. Foster-McBurn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's, and take no substitute.

JUDGE POLLOCK INDORSED.

Wichita Bar Want Him to Succeed to Judge Hook's Position.

Yesterday's Kansas City Journal announced in a Topeka dispatch that Charles Lulling had informed Senator Long and other politicians that the Wichita bar had endorsed Judge Pollock of Winfield for United States district judge to succeed Judge William C. Hook. Inquiry yesterday among the attorneys of this city revealed the fact that Saturday Judge Pollock was endorsed by the Wichita bar, but Judge Pollock had requested that the matter be kept a secret at least for a time. The attorneys did as they were asked and the endorsement was known to but a few persons in Wichita outside of the attorneys at the court house when the matter was taken up.

A. S. VAN TREES HERE.

Was First Police Judge and Built First House in Wichita.

A. S. Van Trees of Henrysville, O. T. is in this city. Mr. Van Trees was the first police judge in Wichita and also built the first house in this city. He was known from Topeka to Abilene for many that were fined \$5.00 and costs. While serving in the militia and protecting the western boundary from the Indians in 1855, he was caught in a blizzard, and both feet frozen off. He is visiting the old-timers here.

Chamberlain's Cough Remedy
